*Tailoring for Men and Women*

914 F Street Washington, D. C.

February 22nd, 1914.

Dear Madam:

We wish to talk to you in a few lines about your dress. There are many reasons why you should go to the tailor for your spring suit.

We have seen ready-to-wear clothes with all the ear-marks of good fit, but we have yet to see the ready-made suit that will retain its fit and shape after a few week's wear.

To begin with it is never perfectly fitted to the wearer. It lacks the real foundation of individuality. It is made by workers with whom speed is all important and from fabrics sometimes good, but more often selected with a single eye to selling only.

No one can even hint that of our made-to-order garments. We have gained our reputation by applying perfect workmanship to the choicest of materials distinctively selected for the wearer.

Withal our prices are modest, and to prove our statement we will make for the next thirty days a Ladies' Tailored Suit from Men's Blue Serge for \$40.00, a \$50.00 value. Come in and see us.

Yours very truly,

*John C. Wineman & Co.*
